Contractor

Get the broad-based, hands-on experience you need to choose the career path you want. Gain critical business knowledge working directly with the key leadership of High Concrete Group LLC for 24 to 36 months. Master bottom-line-driven assignments in Marketing, Sales, Estimating, Project Management, Engineering and Manufacturing. Be part of nationally-recognized projects using the most advanced technologies in lightweight, high-strength precast concrete.

High Concrete precast products offer the Architectural/Engineering/Construction community unmatched design possibilities. As one of the nation's oldest, largest, and fastest-growing precasters, we have doubled our business in the last two years. Expect to work hard with professionals of local and national renown. You'll build excellent buildings that will excite and delight your customers.

Choose the Leadership Program at High Concrete.

The Leadership Program at High Concrete is a select program for 10 candidates holding BS degrees in Civil, Structural, Architectural, or Industrial Engineering, Construction Management or Business Administration. Successful candidates will have demonstrated leadership through internship, co-op, job-related, or community experiences.
